#### **Pure Water**

“In health and in sickness, pure water is one of heaven's choicest blessings. It's proper use promotes health. It is the beverage which God provided to quench the thirst of animals and man. Drunk freely, it helps to supply the necessities of the system and assists nature to resist disease.” Ministry of Healing, p. 237.

**Drinking with meals?** - “The more liquid there is taken into the stomach with the meals, the more difficult it is for the food to digest, for the liquid must first be absorbed.
